REPORT OF THE COMMITTEE

For the year 1945.

To be presented to the Governors at the
ANNUAL MEETING, on THURSDAY, 28th NOV., 1946.

The Board of Management present to the Governors the 205th Annual Report on the work of the Hospital, and the Treasurer's Statement of Accounts.

The Report must of necessity be abbreviated. The 205th year of the Hospital's existence saw the end of the greatest War in history, and though the shadow of the Health Bill lies over all Voluntary Hospitals there are an immense number of problems which must be dealt with by the Board of Management. During six years the whole endeavour of the Board and Staff has been to provide the best possible treatment and maintenance for patients who, whether in the services or Civil life, were liable to the risks of War. It is with deep gratitude we record that no direct damage was received by the Hospital Buildings, but the effect of the bombing, added to six years in which it has been impossible to cope with any repairs or renovations, has left a large and expensive list of alterations and replacements which must be faced; additional accommodation for the Nursing Staff and for the Pathological and Radiological Departments is being provided, and with new lifts and a complete rewiring of the older buildings, will probably cost over £20,000.

Operations.

Operations performed in 1945 totalled 4,116, a slight decrease of 34 on the figure for the previous year.

Statistics Relating to Patients.

The following Statistical Table indicates the work done at the Hospital during the past twelve months :—

Patients' Contributions.

The Patients' Payments Committee re-organised the work of this Department in November, 1944, when Miss N. Gough was appointed as Almoner. The change over has been a great success. The Exeter and Western Counties Hospital Aid Society very kindly increased its special Grant to £5,634, thus increasing the total contribution towards the maintenance of each Member patient during the year to £3 10s. 0d. per head per week.

President, Vice-President and Treasurer.

Lt.-Col. Sydney Belfield who had held the office of President since 1940, intimated that he wished to resign in August 1945, and the Board desire to place on record their very deep appreciation of the devoted service he rendered during his five years in office. Alderman Vincent Thompson, the Vice-President, was elected to succeed him, Mr. A. L. Candler taking the position of Vice-President, while Mr. F. J. W. A. Wint succeeded to the Treasurership in place of Major H. Townsend, whose services since 1942 are gratefully acknowledged.

Obituary.

The Board desires to record its regret at the loss of the following Members by death :—Mr. W. H. Aplin, Mr. William Mitchell, and Mrs. Arthur Thomas, also since the end of 1945 Lt.-Col. Sydney Belfield, Lt.-Col. L. C. Garratt and Mr. S. E. Crosse.

Honorary Solicitors.

Messrs. Anstey & Thompson, have, as in the past, devoted much time to the legal affairs of the Hospital.

Visiting Medical Staff.

The Board record with very deep regret the death of Mr. R. A. Worthington who had been in charge of the Ear, Nose and Throat Department since it was first instituted in April 1914. Mr. A. L. Candler resigned his position as Senior Surgeon and the post of Administrator which he held during the War years, and as a token of very great appreciation of his services to the Hospital the Board elected him a Life Governor. Miss G. M. Rolfe who was elected Anaesthetist in September 1926, resigned on leaving Exeter, and Mr. C. H. Carroll who had been Assistant Surgeon in the Ear, Nose and Throat Department since September 1928, also resigned, to the regret of the Board and Staff. The Board desire to place on record their gratitude to the Honorary Medical Staff for their services, and to welcome back those who are returning from War Service.

Resident Medical Staff.

The Resident Medical Staff have continued to give good service.

Administrative Staff.

To the Secretary and his Staff the Board convey appreciation of their continued efforts. The news of the death of Mr. Richard Pemberton, Engineer to the Hospital since April 1929, was received with very great regret. The Board cannot let this opportunity pass without noting the splendid record of service of the Head Porter, Mr.

W. S. Payne who at the end of 1944 completed 50 years in the employ of the Hospital.

Nursing Staff.

The nursing has been well carried out, the Matron and Sisters making very great efforts to maintain our high standard in spite of the shortage of staff. The work has been heavy as the turn-over has been very rapid and the shortage of reasonably good domestic assistance has increased the burden on the nursing staff. It is exceedingly difficult to get domestic help for evening work, week-ends and Bank-Holidays.

The prizewinners for 1945 were :—

Gold Medal : R. B. WORSLEY.

Silver Medal : P. M. DAVIS.

Medical Prize : C. R. COLES.

Nursing Prize : W. S. SLOMAN.

Excellent reports have been received of former trainees of this Hospital from various parts of the World. Two of our former Nurses who joined the Hatfield Spears Ambulance Unit, working immediately behind the lines with the Free French during the War, namely Miss M. K. Hawkins and Miss J. Stevens, were awarded the Croix-de-Guerre with Bronze Star.

Legacies.

The Committee acknowledges with gratitude the following Legacies :

	£	s.	d.
Mr. Sidney Paige Adams	2000	0	0
Mr. Albert Baker	1128	17	2
Mr. Frank Augustus Bowden	10	0	0

Ockenden Convalescent Home.

This Home continued useful work for Convalescents during 1945. Mr. S. S. Cole resigned the position of Secretary to the Home which he had held for 30 years, and was succeeded by Mr. L. Parkhouse.

Ladies' Linen League.

The Linen League Committee are to be congratulated on the result of their labours, and the Governors take this opportunity of placing on record their sincere appreciation of the kind thought and practical interest taken by the various members of the League. The great

interest taken by the Countess Fortescue as President, Miss Peek as Chairman, and Mrs. E. C. Cole as Honorary Secretary, in the work of the League must be specially referred to.

Special Efforts and Gifts in Kind.

The Board desire to express its most sincere thanks to our American and Canadian friends, and to the British Red Cross Society for gifts to this Hospital.

These gifts are most welcome, and it is pleasing to report that by the efforts of the Appeals Committee the following gratifying results were obtained :—

- (a) Eggs—27,773 collected and £184 received in cash.
- (b) Exeter University Students' Rag Day—£175 17s. 6d.
- (c) Exeter Alexandra Rose Day Collection—£675 0s. 0d.
- (d) 103 County Rose Days—£875 0s. 10d.
- (e) Motor Week Appeal—£750 0s. 0d.
- (f) Cancer Day Collection—£323 0s. 0d.
- (g) Potato and Vegetable Week—over 6 tons received and £6 10s. 0d. in cash.
- (h) Entertainments and Dances—a record sum of £1,997 0s. 0d.

The present financial position of the Hospital, despite our heavy commitments, is evidence of the continued generous support and real interest shown by both Subscribers and the general Public in the work of the Key Hospital of this area. To all who have helped the unanimous thanks of the Board are expressed.

Exeter Day Schools' Children's Cot Fund.

The sum of nearly £500, has been contributed during the past three years :—1943 £143 ; 1944 £174 ; and 1945 £176.

Special mention should be made of the part played by Bradley Rowe, Ladysmith, Montgomery, Newtown, and Whipton Schools in achieving this splendid result ; which will enable another Cot (the fifth) to be endowed.

To the Organiser, Mr. Fred Austin, whose enthusiasm remains undiminished, the Board once again express most grateful thanks.

Special Departments.

Pathological.—The year has emphasized the difficulties of dealing with ever-growing demands on a Department where room and, therefore, staff are limited. The day to day work in each section of the Department has continued to increase. This increase is not only numerical, the widening of medical knowledge brings with it the need for much more detailed and time-consuming investigations.

During the year the Department has been responsible, on behalf of the Ministry of Health, for the control and distribution of Penicillin over a large part of the County and to numerous Hospitals in the area.

This has been an additional strain on the heavily taxed resources of the Department.

Blood Transfusion.—The blood bank has been maintained and increasingly used. In this connection Mrs. Wayland Smith assisted by Mrs. Lethbridge has continued to give most valuable voluntary service.

Radiological.—The usual steady increase in the amount of work has been maintained, and for dealing with this the new X-Ray apparatus

installed in the partitioned room has been of the greatest service. The chief difficulty in the department is in dealing smoothly with a very uneven supply of patients. Owing to the timing of the various clinics and Out-Patients sessions, and the distances from which patients come, we get over-run at the peak periods, and it is difficult to devise any economical means of meeting these demands. The total number of treatments given by the Deep X-Ray plant was 3,222, and by the superficial and intermediate plant, 2,358, while radium was used for 66 new in-patients involving 142 actual treatments. New patients for deep X-Ray treatment in 1945 numbered 136, and for superficial X-Ray treatment 203. The new X-Ray diagnostic plant, for which a grant was made by the Devon & Exeter Cancer Fund, was in extensive use and has proved of great value to the department.

Physiotherapy. This Department has been considerably increased in Staff and in the scope of its work. In-Patients treated numbered 489, and Out-Patients aggregated 1,877. Treatments given total 34,826.

Bradfield.

After the end of the War Bradfield was no longer required for convalescent service patients, and was therefore closed on September 30th. No word of praise is strong enough for the services rendered by Miss K. M. Peek as Commandant, and she was most loyally supported by Miss Williams as Sister in Charge, Mrs. Fell Smith Assistant Commandant, and the whole staff. Grateful thanks are due to the Hon. Mrs. Adams for making the use of the beautiful building possible.

The Future.

It is obvious that no Board of Management would adequately fulfil its duties in these difficult times if it did not very earnestly consider its future position. The publication of the Government's Health Service Scheme opened up a whole series of questions which require most careful consideration, and a special Sub-Committee has spent many hours in preparing recommendations for the future development of the Hospital. As a preliminary step, Newcourt House, Countess Wear, has been purchased with a view to its use either as a Preliminary Training School for Nurses for the whole Devon Hospital area, or as a post-operative Home to which patients may be sent from the main Hospital, to recover in more open surroundings, and at the same time to relieve the pressure on our ever-growing waiting list on which there are on an average some 700 names.

This Hospital has ever sought to achieve the comfort and speedy healing of its patients, and its supporters may rest assured that whatever the future may hold, that principle will be maintained so long as its affairs are controlled by people who whole heartedly support those ideals.

Until the proposed National Hospital Service for good or evil is brought into effective operation, the Board must continue its work and the help of friends and supporters is as necessary as ever.

Signed on behalf of the Board,

VINCENT THOMPSON,

Dated 10th October, 1946.

President.
